

Green Products

Vexcon continues its industry leading product research and development with our newest brand, StarSeal EF. Utilizing our eco friendly standards, (for more information go to vexcon.com/green) we have developed the industry's first complete product line specifically formulated to be environmentally responsible while maintaining the level of high performance our customers expect.

Eco-Friendly Attributes

- Low odor for better air quality
- Low VOC content
- LEED Points
- Safe to use and store

Cleaners and Surface Preparation

Products that assist in cleaning, preparing and maintaining concrete and other surfaces.

StarSeal EF Pre-Densifier Floor Cleaner

StarSeal EF Stripper

Form Treatments

Products that insure a clean and effective release of a variety of concrete forming material types.

StarSeal EF Release
StarSeal EF V Release

Acrylic Coatings

Products that will cure and seal new and existing concrete surfaces. These products will impart an attractive protective coating while providing protection from water and other staining.

StarSeal EF Low Gloss
StarSeal EF Medium Gloss
StarSeal EF High Gloss
StarSeal EF UV Gloss
StarSeal EF UV High Gloss
StarSeal EF UV Super Gloss
StarSeal EF UV Flat
StarSeal EF Stain

Curing Compounds

Products that insure the concrete properly cures and reaches its maximum long term hardness and long term performance of the concrete surface.

StarSeal EF Cure

Protective Treatments

Products that provide protection from damaging affects of weather and salts while leaving the natural appearance of the protected surface intact.

StarSeal EF Weather Seal
StarSeal EF Weather Seal Plus
StarSeal EF Weather Seal 100
StarSeal EF Waterproof
StarSeal EF Weather & Stain Guard

Hardeners and Densifiers

Product systems that permanently harden and seal the concrete surface, provide long term protection from wear and staining, have low maintenance requirements and a long life cycle.

StarSeal PS Systems- (LEED guide available at vexcon.com/green)

Epoxy Coatings

Products that are engineered to deliver superior performance and value for a wide range of environments in one easy system. This protective and decorative coating is extremely tough, providing excellent resistance to damage from wear, abrasion, impact and chemical attack. This seamless epoxy system is easy to clean with low maintenance requirements and feature Vexcon's breathable technology.
