

MARKET SPECIFIC SOLUTIONS TO BUILD, ENHANCE, MAINTAIN AND REPAIR

Commercial and Institutional

Retail, Grocery Markets, Hospitals, Apartments, Offices, Hospitality, Schools and Universities, Restaurants

Concrete and Masonry Exterior Walls

Sidewalks, Plazas and Entrance Ways

Balconies and Eyebrows

Interior Walls

Hallways, Storage, and Common areas

Cafeterias and Kitchens

Parking Areas

The increasing demands for today's built environment requires more efficient construction methods and maximum material performance. Vexcon's technology and expertise offers the architect, contractor and owner a vast selection of high performance construction chemicals to meet the demands of today and continued performance for tomorrow.

Weatherproofing

Vexcon offers a comprehensive line of breathable, high performing penetrating water and stain repellents and coatings designed to protect and improve the performance and appearance of new and old horizontal and vertical concrete and masonry surfaces. Treated surfaces look better, last longer, and are easy to clean and maintain providing years of outstanding performance.

Waterproofing

Keeping surfaces looking great and dry requires products that can resist the elements. Our product line of high performance coatings provide years of protection from the elements while enhancing the aesthetic appearance of the structure. Our products provide design flexibility and can be combined into systems to meet your projects specific requirements. Apply to new or existing, above or below grade horizontal and vertical concrete, masonry, block and stucco.

Flooring

Performance flooring systems provide optimum performance, design and aesthetic flexibility. These products provide high chemical, abrasion and stain resistance, ease of maintenance, toughness and durability – in attractive colors, finishes and surface profiles.

- Epoxy and Urethane Coatings
- Floor Hardeners
- Cure and Seals
- Polished Concrete
- Repair Materials

Moisture Mitigation

Today's fast-paced construction demands products that are easy to use while effectively preventing and solving concrete slab moisture issues. With MoistureBloc, floor covering can be economically installed without costly delays. MoistureBloc will remediate moisture vapor and pH issues on existing floors and properly cure new/fresh concrete, preventing flooring failures.

New Construction

Vexcon is your single source construction chemical provider. Our products consistently perform at the highest level to protect and improve the performance of concrete from the day it's poured. Vexcon provides numerous product options to meet your site specific requirements including:

- Form Treatments
- Tilt-Up
- Curing Compounds
- Cure and Seals
- Flooring

Concrete solutions for architects, engineers and builders since 1974

Products for Commercial and Institutional Structures

Vexcon Product	Application Areas								Description	Recommendation		Eco-Friendly										
	Weatherproofing	Waterproofing	Form Treatments	Curing	Curing & Sealing	Tilt-Up	Flooring	Moisture Mitigation		● Highly Recommended	○ Recommended											
											Concrete & Masonry Exterior Walls		Sidewalks, Plazas & Entrance Ways		Balconies & Eyebrows		Interior Walls & Columns		Hallways, Storage & Kitchens		Parking Areas	
Certi-Vex Penseal 244 40	✓								40% VOC solvent based silane water repellent clear sealer for premium protection against salt corrosion, water, wind driven rain, airborne contaminants, and freeze/thaw cycles.	●	●	●						●				
StarSeal EF Weather & Stain Guard	✓								Advanced weather, stain and discoloration protective treatment for hard, porous, decorative and functional surfaces.	○	●							●			●	
Powerseal 40 & 20	✓								Water based silane water repellent clear sealers for premium protection against salt corrosion, water, wind driven rain, airborne contaminants, and freeze/thaw cycles.	●	●	●						●			●	
StarSeal Vertical Stain	✓			✓	✓				Water based economical acrylic breathable coating that provides good protection from the elements while enhancing and revitalizing.	○	○	●						○				
Certi-Vex Masonry Paint	✓				✓				Economical general purpose acrylic coating which provides better protection over conventional paints. Available in standard and custom colors.	○	○	●						○				
Certi-Vex Guard Clear and CACS	✓	✓			✓	✓			Unique blend of silane and acrylic clear and colored coatings, that are breathable, aesthetically pleasing, non-fading, UV and stain resistant that seal and protect. Available in 3 gloss levels as well as standard and custom colors.	●	●	○	○					○				
Certi-Vex Envio Smooth	✓					✓			Premium coatings that provide attractive opaque finishes while protecting the structure from water intrusion and carbonation. Available in 30 standard plus custom colors as well as four textured finishes.	●		●	○					●				
PowerCoat Anti-Graffiti		✓				✓			Polyurethane protection that can be used by itself or as a top coat providing a uniform and aesthetically pleasing appearance.	●								●				
PowerCoat Epoxy HD		✓				✓	✓		Premium heavy duty breathable epoxy coating that provides durability, abrasion, and excellent chemical resistance for the most demanding environments.									●	●	○		
PowerCoat UV+ HD		✓				✓	✓		Premium heavy duty breathable urethane coating that provides excellent UV protection and abrasion resistance, durability, and chemical resistance.			●						●	●	●		
PowerCoat Epoxy LD		✓				✓			Cost effective light duty epoxy for concrete floors in areas of light to medium pedestrian, vehicle traffic and where occasional spillage of chemicals may occur.									○	○	○		
PowerCoat UV+		✓				✓			General purpose breathable urethane coating ideal for exterior areas.	○	○	○						○	○	○		
Certi-Vex Epoxy HB		✓				✓			High build 100% solid epoxy floor coatings provide excellent wear and chemical resistance to high use floors. Use alone or as part of a mortar or broadcast system to restore worn floors. Ideal for environments that require quick return to service.									●	●	○		
StarSeal series					✓	✓	✓		Clear and colored economical low odor water base acrylic curing, sealing and dust proofing compounds. Available in seven grades.		●	○						○	○	○	●	
Certi-Vex 1315 series					✓	✓	✓		Premium clear and colored acrylic coatings designed to be non-yellowing, chemical resistance and long lasting. Choose economical to premium performance, desired gloss and optional color.		●	○						○	○	○		
StarSeal PS						✓	✓		High solids liquid densifier system that penetrates and chemically reacts with concrete floors, providing a water and stain repellent sealed surface that is low maintenance, wear and abrasion resistance.									●	●		●	
Certi-Shine						✓	✓		Floor polishing system providing long term protection against wear and staining. Zero VOC system eligible for LEED points. The Certi-Shine system allows for varying levels of gloss and architectural finishes.									●	●		●	
StarSeal EF series			✓			✓			Four technologically advanced water base form releases that offer economical, all weather performance. Special additives which provide exceptional bonding to many form types and are ideal for use in environmentally sensitive areas.	●	●	●	●					●			●	
Enviocure series				✓		✓			Clear resin base emulsion dissipating curing compounds. Available in four grades to meet specification and job site specific requirements.	●	●										●	
Repair Mortars and Epoxies						✓	✓		Fast setting high strength cementitious patching and epoxy materials for structural and cosmetic repairs.	●	●	●	●	●	●	●	●	●	●	●	●	
StarSeal Clean Lift				✓		✓			Water based bond breaker that meets ASTM C-309 curing standard on any type of finished concrete.	●											●	
MoistureBloc							✓		Reduces MVER from up to 27# to below 3#/1000 square feet per ASTM F 1869. Economical and easy to install. Available in four product options to meet your job site specific requirements.									●	●			

Customer Service & Technical Support

Get the answers and information you need fast from our experienced sales, customer service and technical support professionals. From requesting free product samples and literature, order status, and delivery information, to product recommendations, specification support and help answering your on-site questions, we're here for you.

Training & Field Support

We develop flexible and customized training programs to enhance your product and application knowledge. We also provide job site support to make product recommendations and to ensure successful installation.
