Vexcon offers a variety of solutions utilizing a broad range of proven epoxy and urethane coating technologies through our PowerCoat and ProCoat brands. Look to Vexcon to provide flooring systems that best fit your environment and budget while delivering superior performance and aesthetically appealing floors.
ProCoat™
Durable Protection for Concrete
ProCoat are urethane and epoxy coatings designed to protect and seal a variety of concrete surfaces. Vexcon offers standard and customized systems utilizing the latest in polymer technology to meet the performance demands of today’s building owners. ProCoat are high build seamless floors that can be used with decorative quartz and vinyl chip systems to create a variety of textures and aesthetics. ProCoat products are ideal flooring systems for demanding industrial, institutional and commercial environments.

BENEFITS
• Superior Durability
• Chemical & Abrasion Resistance
• Quick Drying
• Moisture Tolerant
• Excellent Adhesion
• Cost effective long term protection
• UV Resistant
• Extends Service Life

PowerCoat®
Breathable Protection for Concrete
PowerCoat floor coatings are designed to eliminate the failures of adhesion associated with epoxy and urethane coatings due to moisture in concrete. PowerCoat breathable technology allows moisture vapor to pass through the coating preventing blistering and peeling. PowerCoat epoxy and urethane thin film coatings offer versatility with a wide range of colors, finish options and decorative vinyl chip and quartz aggregate producing long lasting functional and decorative floors. PowerCoat products are ideal flooring systems for residential and commercial applications.

BENEFITS
• Breathable Technology
• Self Priming*
• Wide Product Selection
• Interior & Exterior
• Excellent Chemical Resistance
• Fast Track Installation
• Waterproofs
• UV Resistant
• Solvent & Water Base

Vexcon’s ProCoat and PowerCoat
PRODUCT LINE UP

Primers/Sealers
Promote superior adhesion between concrete and coating.

PowerCoat Primer
Clear and colored single component ready to use primers. Apply to damp surfaces and fresh concrete as a cure and primer for fast track installation.

ProCoat Primer
Water base single component primer used when a breathable ProCoat system is desired.

Joint Sealant/Filler
PowerCoat Flexible Joint Sealant
Highly flexible sealing epoxy compound. Excellent adhesion and chemical resistance.

Epoxy Coatings
Provide long term durability and chemical resistance as a stand alone smooth finish or as broadcast systems.

ProCoat HBE
100% solids pigmented and clear High Build Epoxy self priming coatings. Superior durability, chemical resistant and may be used as a resin binder for broadcast systems. Moisture tolerant when used with optional ProCoat Primer.

PowerCoat Epoxy HD
Premium Heavy Duty solvent and water base breathable pigmented and clear thin film epoxies designed for long term protection for demanding environments.

PowerCoat Epoxy LD*
Economical Light Duty solvent and water base breathable self priming pigmented and clear thin film epoxies designed for areas of light to medium pedestrian and vehicle traffic. Excellent alternative to standard acrylic coatings.

PowerCoat Conductive
Breathable pigmented epoxy that protects against electrostatic discharge with excellent chemical and wear resistance.

Urethane Coatings
Excellent top coats for improving the long term performance and appearance of your floor. Available in solvent or water base versions with a variety of colors as well as clear gloss and matte finishes.

PowerCoat UV+ HD
Premium Heavy Duty breathable pigmented and clear urethane designed for superior protection. Ideal for high use areas subject to UV exposure.

PowerCoat UV+
General purpose breathable pigmented and clear urethane ideal for exterior and interior areas subject to UV exposure.

ProCoat UV
Clear UV resistant urethane coating. Use as a top coat to protect and enhance your floor.

PowerCoat Anti-Graffiti
Non-sacrificial graffiti protection available in clear gloss and matte finishes. Excellent adhesion, weather and waterproofing properties.

Broadcast Flooring Media
Certi-Vex DecoQuartz
Natural or multi-colored quartz aggregate.

Certi-Vex DecoChip
Decorative multi-colored vinyl chips.

**Coating Systems for Concrete**

**Where to Use ProCoat and PowerCoat Products and Systems**

- Auto Dealerships
- Aircraft Hangers
- Industrial Facilities
- Cafes & Restaurants
- Warehouses & Garages
- Balconies
- Fire Houses
- Locker Rooms, Showers & Restrooms
- Walk & Entrance Ways
- Patios
- Pool Decks
- Food Processing Areas & Kitchens
- Auto/Truck Repair Bays
- Sports Venues
- Transportation Terminals
- Lobbies & Break Rooms

**Vexcon’s Customizable and Complete FLOORING SYSTEMS**

**Epoxy**

Provide the durability and protection required for demanding interior environments.

**PowerCoat HDE**

Decorative multi-colored quartz aggregate or vinyl chips single and double broadcast into PowerCoat HD pigmented base coat and clear coats sealed with epoxy clear topcoat.

- Consists of
  - PowerCoat HD Pigmented or Clear
  - Certi-Vex DecoQuartz or Certi-Vex DecoChip
  - PowerCoat HD Clear

**ProCoat HBE**

Decorative multi-colored quartz aggregate or vinyl chips single and double broadcast into ProCoat HBE pigmented base and clear coats sealed with epoxy clear topcoat.

- Consists of
  - ProCoat HBE Pigmented or Clear
  - Certi-Vex DecoQuartz or Certi-Vex DecoChip
  - ProCoat HBE Clear

**ProCoat HBE/N**

Natural quartz aggregate broadcast into ProCoat HBE pigmented base coat and sealed with epoxy clear or pigmented topcoat.

- Consists of
  - ProCoat HBE Pigmented
  - Certi-Vex DecoQuartz/N
  - ProCoat HBE Pigmented or Clear

**Epoxy/Urethane**

Combined systems that provide excellent color retention, abrasion, chemical and weather resistance.

**PowerCoat HDEU**

Decorative multi-colored quartz aggregate or vinyl chip as a single and double broadcast into PowerCoat HD base coat and clear coats sealed with urethane clear topcoat.

- Consists of
  - PowerCoat HD Pigmented or Clear
  - Certi-Vex DecoQuartz or Certi-Vex DecoChip
  - PowerCoat UV+ HD Clear

**ProCoat HBEU**

Decorative multi-colored quartz aggregate or vinyl chips as a single and double broadcast into ProCoat HBE pigmented base and clear coats sealed with urethane clear topcoat.

- Consists of
  - ProCoat HBE Pigmented or Clear
  - Certi-Vex DecoQuartz or Certi-Vex DecoChip
  - ProCoat UR

Vexcon Chemicals offers highly customizable pigmented and clear epoxy and urethane systems with variable thicknesses, textures and decorative multi-colored quartz aggregates or vinyl chips to produce durable, wear and chemical resistant functional and attractive long lasting floors.
PowerCoat and ProCoat coatings are available in clear gloss, clear matte, and 19 standard colors. Custom colors are also available.

Select from a range of high quality decorative quartz aggregates and vinyl chips to create a customized look that fits your environment. Custom blends are available.

**PLEASE NOTE**

Printed colors and patterns are designed to closely approximate actual. It is recommended that colors should be chosen from actual test samples. Contact Vexcon to order samples.

Vexcon products meet the toughest current environmental and performance standards in the market today. All Vexcon products comply with federal EPA and state VOC regulations as well as numerous industry standards and specifications. Consult specific product data sheet for more information. Always test to confirm suitability and required results.
