

MARKET SPECIFIC SOLUTIONS TO BUILD, ENHANCE, MAINTAIN AND REPAIR

Distribution and Industrial

Distribution Centers, Warehouses, Manufacturing Plants, Processing Facilities

Concrete and Masonry Exterior Walls

Sidewalks, Plazas and Entrance Ways

Beams and Ceilings

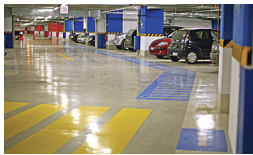

Interior Walls and Columns

Production and Storage Areas

Cafeterias and Kitchens

Parking Areas

Whether building a new facility or making repairs and improvements to an existing structure, Vexcon has the experience, knowledge and products to meet your project requirements. For more than three decades, Vexcon has delivered proven, attractive and cost effective products designed to meet the specific demands of these challenging environments.

Weatherproofing

Vexcon offers a comprehensive line of breathable, high performing penetrating water and stain repellents and coatings designed to protect and improve the performance and appearance of new and old horizontal and vertical concrete and masonry surfaces. Treated surfaces look better, last longer, and are easy to clean and maintain providing years of outstanding performance.

Waterproofing

Keeping surfaces looking great and dry requires products that can resist the elements. Our product line of high performance coatings provide years of protection from the elements while enhancing the aesthetic appearance of the structure. Our products provide design flexibility and can be combined into systems to meet your projects specific requirements. Apply to new or existing, above or below grade horizontal and vertical concrete, masonry, block and stucco.

Flooring

Performance flooring systems provide optimum performance, design and aesthetic flexibility. These products provide high chemical, abrasion and stain resistance, ease of maintenance, toughness and durability – in attractive colors, finishes and surface profiles.

- Epoxy and Urethane Coatings
- Floor Hardeners
- Cure and Seals
- Repair Materials

Moisture Mitigation

Today's fast-paced construction demands products that are easy to use while effectively preventing and solving concrete slab moisture issues. With MoistureBloc, floor covering can be economically installed without costly delays. MoistureBloc will remediate moisture vapor and pH issues on existing floors and properly cure new/fresh concrete, preventing flooring failures.

New Construction

Vexcon is your single source construction chemical provider. Our products consistently perform at the highest level to protect and improve the performance of concrete from the day it's poured. Vexcon provides numerous product options to meet your site specific requirements including:

- Form Treatments
- Tilt-Up
- Curing Compounds
- Cure and Seals
- Flooring

Concrete solutions for architects, engineers and builders since 1974
