

# GUARD Film Forming Sealers

Long term protection of a penetrating water repellent sealer and the benefit of proper concrete curing in one easy-to-use product.

## REDUCE LABOR COST

Eliminate the costly removal of curing compounds and time consuming water curing of fresh concrete.

## SAVE TIME

Put concrete into service weeks sooner by eliminating multiple application steps and 30 day curing period.

## REDUCE PRODUCT COST

Do with one product what would normally require two.

## LONG TERM PERFORMANCE

Exposed exterior concrete lasts longer, performs and looks better.

## Benefits

- Complete projects faster
- Cure fresh concrete
- Seal & protect concrete against damage from salt & moisture
- Reduces damage from freeze/thaw cycles
- Protects from staining
- Produce stronger, more durable and longer lasting concrete
- Deep penetration for maximum protection
- VOC compliant in all 50 states
- Meets industry standards

## APPLICATIONS

### Commercial & Residential

- Walkways, Driveways, & Patios
- Parking Areas, Shipping Docks & Aprons
- Exterior Facades
- Colored & Stamped Concrete
- Garage Floors
- Pool Decks
- Sidewalks

### Transportation & Infrastructure

- Ramps & Barriers
- Tunnel & Sound Walls
- Bridge & Parking Decks
- Concrete Paving
- Airport Aprons/Taxi Ways/Runways

### Certi-Vex Guard Clear Matte

Provides a protective no gloss coating for new or existing vertical and horizontal concrete surfaces.

- Acrylic/Silane solvent blend
- Vexcon Breathable technology
- Non Yellowing

### Certi-Vex Guard Clear

Medium gloss coating that aesthetically enhances and protects new or existing vertical and horizontal concrete surfaces.

- Silane/Acrylic solvent blend
- Vexcon Breathable technology
- Non Yellowing
- Quick drying
- Low temperature application

### Certi-Vex Guard Clear HG

High gloss coating that aesthetically enhances and protects new or existing vertical and horizontal concrete surfaces.

- Silane/Acrylic solvent blend
- Vexcon Breathable technology
- Non Yellowing
- Long lasting

### Certi-Vex Guard CACS

Provides a protective colored coating for new or existing vertical and horizontal concrete surfaces.

- Silane/Acrylic solvent blend
- Vexcon Breathable technology
- Uniform non fading
- Available in standard and custom colors

### StarSeal Guard

Provides a protective medium gloss coating for new or existing vertical and horizontal concrete surfaces.

- Silane/Acrylic Blend
- Water Base
- Cost effective
- Vexcon Breathable technology
- Non Yellowing

### StarSeal Guard DC

White dissipating curing compound that cures fresh concrete

- Water base
- Temporary membrane
- Leaves concrete cured and protected
- Easy to clean and maintain
- Maintains natural appearance

All Vexcon products comply with federal EPA and state VOC regulations as well as numerous industry standards and specifications. Consult specific product data sheet for more information. Always test to confirm suitability and required results. [Learn more at vexcon.com](http://www.vexcon.com)
